SECTION F - DELIVERIES OR PERFORMANCE

F.1 Term of Contract (SEP 2004)

The term of the contract includes a 60-day transition period and a three-year base term. However, at the Government's sole discretion, this contract may be extended in monthly increments up to two (2) one-year options.

F.2 ORO F05 Principal Place of Performance (MAY 1997)

Oak Ridge, TN

F.3 Transition Activities

- (a) During the period of the transition, specified in the clause in Section F entitled "Term of Contract," the Contractor shall perform those activities necessary to be prepared to assume responsibility for the Contract work on June 1, 2005. The Contractor shall coordinate its activities with DOE and the previous contractor so as to accomplish an effective transition of personnel and work activities while minimizing the cost of this effort.
- (b) The Contractor shall utilize any government-furnished facilities and equipment that are available to minimize costs. The Contractor may, subject to agreement with the incumbent Contractor, utilize previous contractor personnel on a loaned basis or arrange for early transition of employees to the Contractor as appropriate. In addition, the Contractor may utilize the services of subcontractors of the previous contractor with agreement from the previous contractor.

F.4 Establishment of Local Office

The Contractor shall establish a local office accessible to DOE and DOE's authorized representatives within a maximum of one (1) hour travel time.
